December 2012

## PREZ SAYS...

*In 1991 everything South Winds changed. A courageous, if small, group of residents decided that they weren't going to live with ever rising lot fees. **South Winds, the over 55, resident owned mobile home community was born.** Amazingly it was pretty much fashioned in a weekend. This leap of faith on the part of a group of hopeful residents created this place we call home. Barb Smith will chair a committee of folks who will create a celebration of the stories and people who made this possible. If you have ideas, stories, pictures or memories to share – see Barb –she would love to hear from you.*
