

## EDITOR'S COMMENTS...

WELCOME BACK TO ALL OF YOU WHO HAVE ARRIVED IN THE SUNNY SOUTH FROM THE NORTHERN FROSTS AND FREEZES. IT SURE IS GOOD TO BE BACK IN OUR VERY OWN OASIS---**SOUTHWINDS**. THANKS TO OUR YEAR ROUND RESIDENTS WHO HAVE KEPT OUR HOMES SAFE AND SECURE FOR OUR RETURNING, AND A SPECIAL THANK YOU TO OUR OFFICE MANAGER AND OUR MAINTENANCE CREW FOR YOUR OUTSTANDING WORK OVER THE SUMMER. **SOUTHWINDS LOOKS GREAT!!!!**

## POLICE YOURSELVES

In last month's Breeze I asked that each of you review your rules and regulations so that you would know exactly what is expected of you while you are in the park. **Seems like that didn't work!!** Rules are still being broken and our Board President had to act like a policeman again.

As your editor and also a member of the Board of Directors for many years, I am asking that you not ask Board members to be the only ones who approach people for breaking the rules. **This is your park too!!** It is every homeowner's right and responsibility/obligation to respectfully inform other homeowners and guests when rules are being broken, including the rules for the pool. It is also your obligation to inform your guests of our rules and regulations and be responsible for their following them. Please be courteous as you do so.

## *Alive and Kicking*

A little bit of an update on some of our invalids: I just talked with Lee Minges and Joyce is still at Bay Village in Room 284, not quite ready to come home yet. Ellie Eichler had hiatal hernia surgery and is now doing well and is back at Southwinds. A note below from Madeleine Ferraz. Reggie Warren is now home under Pat's great care and would appreciate hearing from you. A note from Verna Sanderson saying that she had rotator cuff surgery, will be in a cast for 6 weeks, and would also appreciate hearing from her friends and neighbors at Southwinds. I understand that Ann Davies is recuperating, using a cane or a walker, and is doing well.

A heartfelt thank-you to all our Southwinds' friends who sent get well cards and prayers. The good wishes really helped me get through the long, painful recovery process after surgery. I just started physical therapy and I'm hopeful that I will regain the use of my right hand and arm. Madeleine Ferraz

## GUEST OR PEST?

Residents take security very seriously. We are safe because we monitor what is happening. The best way to help your friends and neighbors feel secure is to make sure that guests, staying at your unit, are registered and have a car tag. Because so many visitors arrive on weekends, we encourage you to have

a supply of forms and tags on hand to give to your guests. They are available in the office.

## Residents are Job #1

Some residents are surprised when they find out all the conveniences the office has in store for them. We are available to fax, copy and notarize. We can create flyers, tickets and forms for individuals or organizations. We will order supplies that you might need for a function. Lead time is always helpful but we have been known to meet some hair pulling deadlines. Maintenance work orders, suggestion forms and improvement forms all begin in the office. At least come in and check; your maintenance fee may stretch further than you think.

## Deaths in our family

Mae Fulton, (former resident) and mother of Robert Fulton (Charlotte), unit 237 has died.

Frank Zavaglia, age 93, unit 281 passed away at home on September 3.

Curtis Scott, of Circleville, Ohio and unit 55 died after a valiant fight with cancer.

Our deepest sympathy to these families.

**Next Board Meeting is scheduled for Tuesday, November 11, 9:00 a.m. in the Annex.**
