The Kidd and Claire call on Newfoundland

Claire and I had the good luck of spending two weeks in Newfoundland with real good friends the Andrews, Carters, Hulans, Comdens and Normans. This is a beautiful island with rocks any size, mountains big and small and roads that take you on and between with curves to make it interesting.

We had boat rides in the Atlantic, picked up lobster from this water and two hours later ready to eat by Chef Bert. Claire spent her birthday (91) with these good people. Lots of fun.

The night before we left we had a picnic on the Atlantic with all the good food of Newfoundland and homemade bread by Fanny, a little beer and wine. We are home now, resting and talking about our great adventure. **John Kidd** P.S. I know why so many people drink tea in Canada – 12 pack of Bud Light, \$25.00. That will make you drink tea.

FLU CLINIC AT SOUTH WINDS IS SCHEDULED FOR TUESDAY, NOVEMBER 4TH

Until further notice, Bob Closser, the Maintenance Supervisor, will work in the park from 8:30 a.m. to 4:15 p.m., Monday through Thursday; Friday to 4:00 p.m.

LOVE AND PRAYERS APPRECIATED

I would like to express my appreciation for the kindness shown by my Southwinds friends through phone calls and get well cards while I was recuperating from surgery for colon cancer. My surgeon removed the problem and no treatments were necessary. Follow up visit has given me positive results. Hope to see you all in Southwinds. Thank you, George Combden

Our Treasurer, Jerry Miller, has had surgery. We all want to send him our prayers and wish him a quick recovery.

Carol Bond had shoulder surgery and is rehabbing.

Ila Detweiler has provided the following update on Vern:

We have been so happy so far with what the doctors have done. Vern had 1 1/2 months of finely feeling better. Had two weeks of being blessed with lots of friends and family come to visit; yesterday some from Florida. Sunday morning he woke up with terrible right hip pain, took too many pain pills and Monday was a zombie. Had eye doctor appointment Tuesday. I took him to see the doctor with a wheelchair. When he tried to get into the truck his legs gave out. I finally managed to get him into the truck, came home and he walked from truck to living room entrance and legs gave out again. I did manage to get him to the couch. Both feet are swollen. So, prayers needed. It is amazing that he was so good and all of a sudden getting so weak. Love and blessings to all. Ila

Thanks to everyone for their expressions of sympathy and phone calls regarding the very sudden death of my niece, Kimberly, who was like a daughter to me. Kim was 58 years old and was visiting with Florida friends and relatives. I had two full days of joy with her.

Thank you for all the well wishes, food, and the two angels taking good care of me. I am literally house bound. *Francile Huser*

Our sympathy to Joan Driscoll on the loss of Gene who died suddenly and to Verna Sanderson on the death of her brother. We wish you all comfort in the love and memories that you shared.

REPLACING LIL' JOE'S

TAYLOR MORRISON CLEARING FOR NEXT PHASE OF DEVELOPMENT

In addition to the above, the Dillon & Dillon property that was to house a gourmet restaurant and shops is back on the market as is the Summerhouse "coming soon" property.

The large empty lot that was cleared about the same time as the one next door is now under development and will be the home of **Brass Tap** - a craft beer bar.

Finally, the property that displaced several residents at the mobile home park is now in the hands of Benderson Development and will be a multiple use venue with hotel, housing, restaurants.

So, you all better hurry back or you won't know where you are when you get here.

Things that the laws say you can't do on Sunday:

Consume a pickle in Trenton, NJ, eat cottage cheese in Tampa, FL, lie down and fall asleep in a cheese factory in South Dakota and worth moving for: in Idaho it is illegal for a man to give his sweetheart a box of candy weighing less than fifty pounds.
